Experience

Apprentice, AMCON Software GmbH   Aug 2021 - Present

Contributed to webshop and web solution development for public transportation firms as an apprentice at AMCON Software GmbH. Utilized TypeScript, React, and C# to develop innovative solutions, enhancing my proficiency in web development.

Full Stack Developer, Self-Employed   Jan 2019 - Present

Developed dynamic websites for clients as a self-employed website developer. Delivered high-quality websites tailored to client needs while maintaining focus on performance and security standards.

Freelancer, LOIBL-Nighteyes   Dec 2023 - Jan 2024

Developed LOIBL NIGHTEYES, an advanced online platform showcasing night vision and thermal imaging technologies. Implemented the Astro framework hosted on Cloudflare for global accessibility and optimized performance.

Freelancer, HM Medizintechnik GmbH & CO. KG   Jan 2023 - Feb 2023

Overhauled HM Medizintechnik's website with a modern design approach. Leveraged Cloudflare Workers to streamline backend processes, ensuring swift confirmations and efficient data management.

Freelancer, Hankens-Testzentrum   Apr 2022 - May 2023

Developed a website as part of the rapid testing project in collaboration with Hankens-Apotheke. Facilitated test center discovery through an interactive map interface, allowing users to explore and select centers effortlessly.

Freelancer, Schnelltest-Cloppenburg   Dec 2019 - May 2023

Responded to an urgent client need during the pandemic's onset by swiftly developing a comprehensive COVID-19 testing solution. Created an appointment booking portal with an integrated payment gateway, a management dashboard, and a real-time rapid testing system for events. Effectively managed millions of weekly requests and enhanced security measures.

Design Intern, Großmann Druck & Werbetechnik   Aug 2019 - Jul 2020

Gained valuable experience in customer and client engagement during my design internship.

Freelancer, Desimano   Nov 2019 - Dec 2019

Collaborated with a client to develop an efficient online shop for contactless hand sanitizer dispensers. Effectively showcased the products, resulting in a seamless platform that empowered customers to explore and purchase innovative solutions effortlessly.
